

Clarence Valley Ramblers support Helicopter Appeal

Last week the Clarence Valley Ramblers showed their continued support for the Westpac Life Saver Rescue Helicopter Appeal.

Three cheques from our chapter were handed over to the charity's Community Liaison Officer, Jane Wayland. The first cheque for \$1,000 was an individual effort by chapter member, Yvonne Tomlinson. To raise her money, Yvonne spends all year making jams, pickles and cakes, selling them wherever she can. This is a mammoth task which Yvonne has pursued for many years. She and husband Don also work each Wednesday at the South Grafton op shop.

Vice President Rex Watkins gave a cheque to the value of \$1,450, the amount raised at the chapter's giant garage sale held every second year at the Greyhound Track. This was our last garage sale. Since the sale our members now all donate \$1

each towards the appeal at our monthly outings.

At the Jacaranda Motorhome Rally \$1,600 was raised by all the grey nomads in attendance for the week and presented to Jane by the Motorhome Rally Coordinator, Lorraine Seale. A variety of activities were held during the week, resulting in this

wonderful amount being raised.

The Clarence Valley Ramblers would recommend any individual, community group or business to get behind this very worthy charity. You never know when you, a member of you family or a friend has need to use the helicopter in the life saving efforts.
